

WHITE SOX AND LONGHORNS MAY ARRANGE GAME

University of Texas Begins Work On Diamond Team; Plan 19 Games.

COACH DISCH HAS 60 CANDIDATES

AUSTIN, Tex., Jan. 18.—Sixty baseball candidates answered the first call made by coach Billy Disch, of the University of Texas team, Tuesday. On account of the rain, only little indoor instruction was given and the meeting was largely given over to discussion of baseball history at the university and the prospects for this season. Students collegiate games have been scheduled and several others are expected to be added later on. Five baseball letter men from last year are here in school and several others expect to get their army releases in time to be here for the season. Those who are back are: Capt. George McCullough, of Waco, who plays second base; James Greer, of Laredo, who holds down the third position; Bill Pate, of Austin, pitcher and first baseman; Ralph Barry, of Fort Worth, first baseman, and Will Collins, of Texas City, who plays center field. Others of last year's team who are back are: Albert Penn, of Austin, catcher; Davey Bradford, of Austin, pitcher; George Johnson and Knox Williams, of Giddings, shortstop; George Hill, of Fort Worth, pitcher, and Bob Mosely, of Jefferson, first base.

The Chicago White Sox have asked for a game early in March, which will probably be arranged. Last season, when they were the world's championship baseball team, they defeated the Longhorns by a score of 23 to 1. The schedule as arranged is as follows: March 21, Southwestern university, at Austin; April 2, Southwestern university, at Austin; April 4 and 5, S. M. U., at Austin; April 11 and 12, T. C. U., at Austin; April 11 and 12, S. M. U., at Dallas; April 21 and 22, Oklahoma university, at Norman, Okla.; April 22 and 24, Oklahoma A. & M., at Stillwater, Okla.; April 25, T. C. U., at Fort Worth; April 26, S. M. U., at Dallas; May 2 and 3, Southwestern university, at Austin; May 4 and 5, Rice institute, at Austin; May 13 and 14, A. M. at College Station.

NAT'L BASEBALL FEDERATION COMMITTEE MEETS IN SESSION Cleveland, O., Jan. 18.—The executive committee of the National Baseball Federation, the country's main ball organization, had a short business session here Wednesday. The annual convention will open today.

DOVOYAN SIGNS JERSEY CITY. New York, Jan. 18.—Bill Dovoyn, former manager of the New York Americans and coach last year for the Detroit Americans, was signed last night as manager of the Jersey City International league team for the coming season.

CHICAGO QUINCY BEATS IOWA. Chicago, Ill., Jan. 18.—Chicago defeated Iowa 31 to 19 last night in a western conference basketball game.

Patriotic Golfers Get Red Cross Medals

Chicago, Jan. 18.—Red Cross medals for golfers who aided in raising more than \$100,000 last summer will be awarded tonight at the annual meeting of the Western Golf association, which will hold a jubilee dinner for the Red Cross golfers before selecting officers and awarding the various championships. More than 150 delegates will attend the jubilee and vote for the reelection of president Thomas, of Chicago, and his fellow officers, as there are no opponents.

GOLF KEPT IN CONDITION BY THE RED CROSS

Life of Game Preserved While Raising Half Million For War.

OLD CHAMPIONS TO DEFEND TITLES

WHEN the annals of golf history win 1918 are completed, that season will stand as purely and simply a Red Cross year. The goal set in the early part of the year was practically achieved. Liberal estimates place the sum raised by golfers throughout 1918 at \$1,000,000 or more, but it may be that the real total is nearer \$1,500,000. Of this, the Western Golf association contributed close to \$300,000, all of which was turned over to the Red Cross. In the east, there was no representative head for war fund matches, and as a result, it is impossible to estimate just how much was raised.

In these exhibition matches amateurs, professionals, and women did their utmost. The four "big" golfers, Miss Elaine Rosenthal, western titleholder; Miss Alex Stirling, the national champion; Bobby Jones and Perry Adair, raised close to \$25,000 in their series of matches, while Charles Evans, Jr., national amateur open champion, certainly did his best so far as exhibitions were concerned. It has been figured that the Chicago golfer was instrumental in the raising of \$250,000 for the Western association.

Some Good Scores. It followed as a matter of course that some brilliant records would be established in the numerous four ball affairs. One of the best of these was a card of 84 made by Jack Hutchinson at Glenview. This professional also scored well in a Red Cross match at Lake Shore where \$10,000 was raised. Hutchinson was playing with Bob Macdonald against Jim Barnes and Evans, and the first named and a record of 89 for the 4212 yard course. Walter Hagen, the former Rochester "pro," who is now located in Detroit, broke all records for the Bob O'Link circuit, the first time he ever played there. He placed a 61 to his credit. Scores of the rest of the winners are to the credit of Hutchinson, Hagen, Barnes and Evans, while Macdonald also had some fine runs.

Hurley Keen. There will be a great deal of rivalry this year for the championship titles, especially the national event, which, without doubt, will be staged at the courses awarded the tournaments in 1917. It is Oakmont for the men, and Shawnee for the women. The professionals will put up an unusually hard fight, but the opinion is that Taylor to this country has been raised.

Miss Alex Stirling, of Atlanta, accounted for the women's championship last time it was held, and she has declared her intention of defending her title at Shawnee. Lieut. Francis Culmett is the holder of the western championship, while Jim Barnes won the open and Fred Wright the junior in 1917. The Western Golf association held its tournament in 1918, Miss Elaine Rosenthal winning from Miss Frances Bradford in the final round.

MALONE KATOS SHEEHAN.

St. Paul, Minn., Jan. 14.—Tommy Sheehan of Chicago, was knocked out by Jack Malone, of St. Paul, in the third round of a scheduled ten round boxing contest here last night. Mike Brito, of St. Paul, outpointed Johnny Rickie, of Chicago, in eight rounds, in the opinion of newspaper men.

Student and center, Dr. Roudthaler will address the public at Moose Hall, Sunday evening, "Mooseheart" is the theme. Admission free.—Adv.

Old Judge Rumhauser

MAY ELIMINATE TRY FOR GOAL

Contented Kicking of Goal Permits Weaker Team To Win At Times.

New York, Jan. 18.—The proximity of the annual meeting of the International football rules committee has the experts once more very much exercised over the possibility of eliminating the try for goal from touch-downs. There is a growing sentiment that this medium of scoring should be eliminated entirely. It is argued that it is often the means of defeating the stronger team is that the kicking of such is more or less in the nature of a fluke.

Two of the most important games of last fall were decided by the kicking of a field goal, and in neither case was the defeated team inferior, apparently, to the victors, after a careful digest had been made of the games. In the opinion of some experts the rules makers will do well to let well enough alone, so far as the touch-down is concerned. Scoring such is, after all, a point of skill and dexterity, and as such should merit distinction. The fact that the value of the goal of this kind is only one point, as against three points for a field goal and five points for a touch-down, establishes a ratio of scoring values proportionate to the relative importance of the plays. The goal from touch-down should be safeguarded against the element of luck to the extent of a single point should have little sympathy if beaten.

HARTLY RESTS BLOOM. Baltimore, Md., Jan. 18.—Pete Hartley, of New York, won in a fast 10 round fight with Phil Bloom, of Brooklyn, last night.

A scholar with a mother's heart. Hear him at Moose Hall Sunday eve. Admission free. Public invited.—Adv. Curtis & Co., buy Liberty Bonds.—Adv.

Runaway! Stop the Pushball! Renegade Sphere Rambles About Frightening Youthful Hunters

By ROY EMIK.

OUT at Fort Bliss a certain athletic officer is on the hunt of the Bliss pushball, which occupied several nights ago from its place of keeping and is said to be still at large. It would seem that a ball bigger than Fatty Arbuckle would have a hard time in keeping hid, yet those in pursuit have been unable to overtake the truant. It all started when the big sphere was left on the grounds where practice was held and a stiff breeze invited Mr. Pushball to take a stroll. Some soldiers saw it chasing across the mesa and returned it, but the habit of galivanting about seems to have developed into a mania, the ball having been captured chasing about the mesa no less than eight times by members of Lieut. Barnhart's athletic squad over at the 82nd Field artillery.

When Lieut. Barnhart turned the ball over to the custody of another regiment he neglected to tell its guardian of the ball's disposition to stroll about. That night it escaped.

The only report of it since was obtained from two boys returning from hunting jack-rabbits out back of Bliss. They say that while on the way home they were confronted by a big thing about the size of a bear which came bumping toward them. Leveling their guns the boys ordered the thing to stop. When it didn't even hesitate they both opened fire. On came the thing wabbling like the ghost of Barnum's fat man and the boys turned and fled for their lives.

MEREDITH BACK FROM OVERSEAS MEETS LANSON

Famous Penn Runner and Holder of World's Record Rose To Captain.

Philadelphia, Pa., Jan. 18.—After having served as a squadron commander with aviation service of the American expeditionary forces in France throughout the latter part of the war, James E. (Ted) Meredith, the most famous of University of Pennsylvania runners and world's record holder in the quarter and half mile, has returned to this country. Meredith rose to the rank of captain and has been serving abroad for over a year, although a larger part of the time he was an instructor in flying. He was first sent to the ground school and then to the flying school. He was then ordered to Mount Clemens, Mich., to the flying field. It was in the latter part of July, 1917, that he entered the flying school in the west and in September he was commissioned a first lieutenant. The early part of October, the same year, he was ordered overseas. His work at Mount Clemens was of such a high order that he was selected as an instructor shortly after his arrival in France.

Migratory Bird Law Is Still In Effect

Albuquerque, N. M., Jan. 18.—The report announcing that the supreme court had found the federal bird law of 1912 to be unconstitutional has given rise to the mistaken impression that the ban on spring shooting is lifted. Officers of the New Mexico Game Protective association have explained that the federal bird law of 1912 was no longer operative, but that the present federal migratory bird regulations are in effect. The 1912 law being based on an international treaty cannot possibly be found unconstitutional and may be considered as permanently established. The decision of the supreme court therefore is only of academic interest and does not affect the federal bird regulations, which prescribe an open season of October 16 to January 31 on waterfowl in this section. The New Mexico G. P. A. claims that the abolition of spring shooting has resulted in an increase of ducks, geese and shore birds all over the United States, and that its faithful observance by sportsmen is to their own interest. A warning is issued that any shooting of ducks after the last of January will be promptly prosecuted by the G. P. A. and the state game department through the federal courts.

Murphy Challenges Columbus Winner

Columbus, N. M., Jan. 18.—A telegram from Mrs. Joe Beaver, manager of Tommy Murphy, welterweight champion of Fort Bliss, also holding the lightweight, middleweight and heavyweight titles at Bliss, was read preceding the Hayden-Rosian bout in which Murphy took a beating. The winner of today's battle, Murphy has been in constant training for the last 10 days, according to the wire, and is planning an active campaign in which he hopes to meet all the would-be holders of the welter title on the Mexican border. Sgt. Beaver wired that a meeting with the winner of today's bout would be satisfactory either at Columbus or Fort Bliss.

M.T.C. ATHLETES TO ENTER MEET

Corps Has Crack Basketball Team; Develops Boxers and Wrestlers.

Under direction of Lieut. Neal H. McKay, athletic officer at Camp Pershing, assisted by willing boosters of the Motor Transport Corps, a crack basketball team has been brought out, boxers and wrestlers of no mean ability have been developed and the announcement is made that athletes from Camp Pershing will enter several of the field day events at Fort Bliss next Wednesday.

The athletic program given at the Camp Pershing "T" Thursday night furnished the best boxing and wrestling bouts yet staged by the transport athletes. In a six round non-decision bout, Battling Seng, of M. T. C. No. 451, retained the popular decision over Battling Johnson, Co. B, 218, C. M. Bothum, Co. G, 216, and Seng, Co. B, 215, grappled 20 minutes to a draw, neither being able to secure a fall. Andy Stevenson, Co. A, 216, and Arlie LaFollette, went a three round exhibition bout, LaFollette taking the place of Walker, Motor Group, who could not appear, in a second wrestling bout, William Voss, Co. C, 216, won from Seng, Co. C, 215, in two straight falls, securing the first in five minutes, ten seconds, and the second in four minutes, 15 seconds. E. A. Boggs, S. P. U. 211, and V. S. Mullin, S. P. U. 244, boxed three earnest rounds to a draw. It is probable the two will be matched for a return.

Mike Lyons, El Paso, refereed the Seng-Johnson bout. Lieut. William Lyons officiated as referee in the other bouts.

Minor Leaguers Will Control Own Affairs For Three Years; Settle Disputes by Referee

NEW YORK, Jan. 18.—The concluding session of a week of conferences between major and minor league baseball club owners was held here today, the principal business being the signing of a new working agreement to take the place of the national agreement, abrogated by mutual consent of the two major organizations and the Association of Minor Leagues. The minors now will be under control of their own board of arbitration until 1921. In case of future disputes, it has been proposed that the minors and the majors each appoint a representative and these two will appoint a referee. This committee of three will adjust all differences which may arise.

TITLE INDOOR MEET ATTRACTS JUNIOR TEAMS

Great Lakes Entrants Not Eligible; Western Clubs To Send Athletes.

MANY MEETS ARE BOOKED FOR MARCH

IN announcing the revival of the national junior indoor track and field competition, the Amateur Athletic union has taken a step that insures plenty of competition in the metropolitan district for the next three months. The junior meet was not held last year because of the expense involved in getting together a fairly representative field, but the tremendous strides made last summer in the development of young athletes convinced the A. A. U. authorities that it would be unwise to delay reviving the junior games, and in consequence the championship committee has decided to hold the meet in the 12th regiment armory, in Brooklyn, on February 15.

While the fine crop of youngsters who took part in the junior outdoor meet at Great Lakes last September will not be eligible to compete, there will be no lack of competitors. Besides the teams from the metropolitan district, which has been marked through out the winter in the club and it is certain that Philadelphia will have a full team, wearing the colors of the head-sweatshirt club. The western clubs have also promised to send the best of their young athletes on for the meet, and the building stars of the Chicago A. A. and the Illinois A. C. may be expected to be present in fairly large numbers.

The action of the committee in setting forward the date of the national indoor meet to March 8 would be highly satisfactory were it not for the fact that the chief meets of the year will be hampered within space of a week or ten days in the early part of March. The reason for this is obvious. It would be entirely too big a grade on the treasury of any one of the organizations involved to bring together a full complement of athletes for its own games at that time, and the latter in this city. In addition there is every reason to believe that the New York Athletic club will decide to hold its annual games at about the same time, so that the calendar will be literally cluttered with meets of the highest order.

RASCON AND GARCIA MEET. Wrestling bout attracting considerable attention among local followers of the grappling game is that scheduled between Tomas Rascon and John Garcia. The two meet twice at 1 o'clock at the Star theater. Rascon recently staid it minutes with George Kotzias, Kottas having defeated Tony Jimenez in a second bout. Rascon and Battling Mike are scheduled for a three round boxing bout.

Start the New Year Right

No man is at his best or can do his best who has a weak or diseased body. A strong, vigorous body means a clear active brain and Rectal and Chronic Diseases such as I treat and cure are the most prolific cause of Nervousness, Despondency, Melancholia and lack of energy or PEP.

Taking into consideration the small fee I charge and the quick cures I effect without detention from your business, it is a crime to neglect yourself.

Liberty Bonds Accepted At Their Face Value.

The many thousands I have cured here, in West Texas, New Mexico and Arizona will be glad to tell you about their cases and the easy, painless methods I employ. I have hundreds of letters also from cured and pleased patients—well known prominent people whose veracity cannot be questioned, so why delay, neglect or attempt self-medication, use patent medicines or waste further time and money? I CURE

PILES

(Hemorrhoids) Without using the knife, ligature, cautery or strong injections—with little if any pain and no detention from your business. My Painless Infiltration Cure leaves the parts as healthy and normal as ever with the possibility of a relapse very remote to say the least, while after an operation the parts are never normal and it leaves scars to contract and loose places for tumors to form.

FISTULA I cure selected or uncomplicated cases of fistula with knife or electrical medication—no cutting, no scars, no possibility of loss of control and with little pain.

PISSURES Can be cured in every instance without operation by my special method. This is one of the most painful afflictions humanity is heir to, causing the most extreme nervousness and irritability imaginable.

ULCERS Of the Rectum are the most commonly overlooked and the most far reaching in their evil manifestations of any simple condition that afflicts mankind. In most cases they are easily cured, but if neglected serious complications result.

HERNIA (Rupture) Indirect or inguinal hernia can often be cured without operation. In the treatment of these cases I employ what is known as the Albright Method and have cured many patients in the City who will be pleased to tell any sufferer how simple, easy and quickly I cured them. Any case that can be retained with a truss is amenable to this treatment and while an operation properly done will effect a cure, it means loss of time from your work, hospital fees to pay and an expense far more than my treatment incurs.

CHRONIC DISEASES My success in the treatment of Chronic diseases is due to the fact that I never attempt treatment unless I can locate the cause and remove it, thereby practically eliminating all doubt. For this reason I cure almost every case I treat, therefore if you are suffering with a deep seated chronic trouble it will pay you to call and get my opinion and advice. If curable I will treat you reasonably, if not I will tell you so.

Write for my new revised Booklet on the treatment of RECTAL DISEASES. It will be sent in plain sealed envelope FREE of charge and without obligation.

I have had twenty years' experience in active practice and my offices are the largest and best equipped in the southwest.

CONSULTATION FREE. OFFICE HOURS—9 a. m. to 7 p. m. Sundays, 10 a. m. to 12 m.

DR. KETCHERSID

THE INTERNATIONAL SPECIALIST ESTABLISHED 13 YEARS.

Rooms 4 to 9, Stevens Bldg., 206½ Mesa Ave., El Paso, Tex.

JERSEY BOXING LAW MUST BE REVISED SOON

Ten Round Bouts In New York Would Hurt Eight Round Bouts In Jersey.

HURLEY LAW MODEL FOR OTHER STATES

NEW YORK, Jan. 18.—Those responsible for the legislation of boxing in New Jersey are not to be caught holding the bag. With prospects good for the establishment of the sport in New York, Illinois, Iowa, Nebraska, California and other states, the Jersey solons do not propose to be found napping. They are already casting about for ways and means of building the game in their territory upon a more substantial and attractive foundation than is given it by the provisions of the present Hurley law.

At this meeting of the New Jersey legislature it is more than probable that a 12 round boxing bill will be enacted into law. The present eight round measure, to offset the competition of other states, New Jersey will have to amend the Hurley law and make it more attractive. It is not a foregone conclusion, but it is a certainty that a boxing bill of some kind will be enacted into law during the 1919 session of the legislature. In New York state, indications are that such a bill will provide for ten round battles. A measure of this kind would tell against Jersey and it's eight round law. Consequently the latter state would have to build against the opposition ten round bill here.

The chances of getting a 12 round bill in Jersey are considered very bright. Such a law is the only salvation for the sport in that state if a bill is put through here.
